OUR COMPANY

Jule-Art has been manufacturing acrylic displays for more than forty years and is the original designer of many of our unique products. We offer an outstanding selection of acrylic displays, specialized product stands and holders, literature displays and store fixtures. Combining the latest technology and machinery with superior workmanship, we continually strive for unmatched quality, and we guarantee your satisfaction with our products and service.

OUR PRODUCTS

With a worldwide reputation as a leader in stock acrylic displays, Jule-Art is very competitive in our selection and pricing. We have thousands of displays in stock for immediate shipment. New in this catalog is a ***revised and expanded*** chapter dedicated to our collection of acrylic displays for the foodservice industry. Also, throughout this catalog, we have identified our bestselling displays in each category with a red star -★. On the inside back cover we have included a faxable order form that you can personalize and use over and over again.

Go to www.Jule-Art.com to see our complete line, as well as special offers and new products. From the retail website, you can register for wholesale pricing.

Our premium acrylic displays are proudly made in the USA.

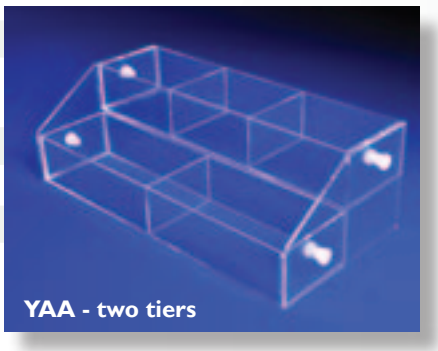
STANDARD BIN SYSTEMS

Create the perfect display for beads, marbles, tumbled stones or other small items that take up a lot of counter space. Instead of hiding merchandise in boxes and baskets, use these all-clear acrylic bins to give visibility and let light through. We have several different sized bin systems to meet your needs. Each system is made up of two endpieces and your choice of divided trays.

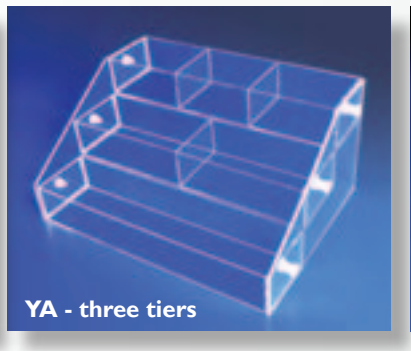
TO ORDER BIN SYSTEMS:

1. Select how many tiers of trays you would like in your bin system - from two to six .
2. Choose how many compartments you would like in each divided tray. You can select a different tray for each tier of your display to get the exact bin display you want.

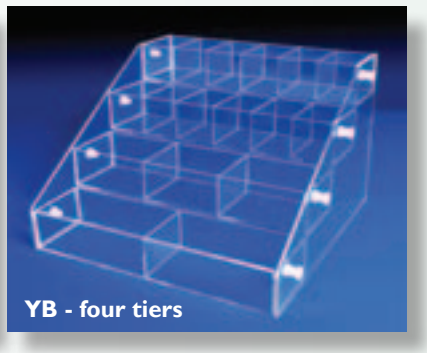
See photos below for examples of each Standard Bin System.



YAA - two tiers

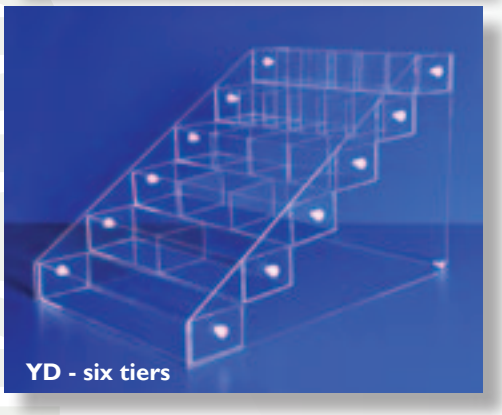


YA - three tiers



YB - four tiers

YC - five tiers



YD - six tiers

STANDARD BIN SYSTEMS

Our standard bin system is made up of 16"-wide trays that are $2^5/_8$" high and 4" deep. ***The system includes the trays***; choose the tray style (number of compartments) from Standard Tray options below. This chapter contains just some of our special mineral and fossil displays, many of which are also good for displaying seashells. Also, see the Easels Chapter for the many different styles of easels that hold everything from cabochons to agate slabs to orthoceres plates. An excellent variety of mineral and fossil stands can be found in our Egg and Spheres Chapter. Countertop Displays offers the perfect organizational displays for beads or tumbled stones. Turntables and Light Bases contains a selection of attention-getting displays for clear spheres and crystals. And for a huge variety of mounting bases, see our Display Blocks and Bases chapter.

A base is often the important finishing touch for a collectible or item of merchandise. Many companies use bases to permanently mount their products, such as minerals, fossils or seashells, or temporarily mount special items. A base can give a piece a finished look or call attention to its uniqueness. Rough-edged items may benefit from a base. You can create a grouping of several items on a single base and bases of various heights can create interesting arrangements.

(See page 148 for adhesive and mounting tack.)

Highly polished, crystal clear bases. You may also order most of our clear acrylic blocks and bases with a frosted finish. The price is the same, but you need to indicate your choice by adding an "F" to the item number (for example, #F44F).

NOVUS NO. 1

Plastic Clean & Shine

This spray cleans without scratching or "crazing," and it helps to repel dust by decreasing static.

Item #	Size
NOV1	8 oz. Bottle

NOVUS NO. 2

Fine Scratch Remover

This paste can help remove fine scratches, haziness and abrasions from most plastics.

Item #	Size
NOV2	8 oz. Bottle

NOVUS NO. 3

Heavy Scratch Remover

To remove heavy scratches and abrasions from most plastics, this paste requires use of Novus No. 2 for a final finish.

Item #	Size
NOV3	8 oz. Bottle

ACRYLIC CLEANING TIPS

- To prevent scratching, always use a soft cloth in conjunction with a special plastic cleaner or soap and water.
- Do not use paper towels.
- Do not clean acrylic with alcohol or ammonia-based cleaners, as they will "craze" the material.
